

NEW APPROVED NERDC CURRICULUM

SSS 1 to 3

SSS 1 First Term Scheme of Work

(Weeks 1–10)

1. English Studies

Week 1: Revision of JSS grammar; comprehension – reading for main ideas.

Week 2: Vocabulary development – synonyms and antonyms.

Week 3: Concord (subject-verb agreement).

Week 4: Essay writing – narrative essay.

Week 5: Comprehension – reading for inference.

Week 6: Letter writing – formal letters.

Week 7: Summary writing skills.

Week 8: Speech sounds – vowels and consonants.

Week 9: Essay writing – descriptive essay.

Week 10: Revision and tests.

2. General Mathematics

Week 1: Review of JSS work; number bases.

Week 2: Indices and standard form.

Week 3: Logarithms.

Week 4: Sets and Venn diagrams.

Week 5: Linear equations.

Week 6: Simultaneous equations.

Week 7: Quadratic equations.

Week 8: Geometry – lines, angles, and triangles.

Week 9: Trigonometry – introduction.

Week 10: Revision and tests.

3. Citizenship and Heritage Studies

Week 1: Meaning and importance of citizenship.

Week 2: Qualities of a good citizen.

Week 3: Duties and responsibilities of citizens.

Week 4: National symbols and their importance.

Week 5: Democracy and rule of law.

Week 6: Peace and conflict resolution.

Week 7: Human rights and dignity.

Week 8: Corruption and its consequences.

Week 9: Patriotism and national unity.

Week 10: Revision and tests.

4. Digital Technology

Week 1: Introduction to data and information.

Week 2: Components of a computer system.

Week 3: Input and output devices.

Week 4: Computer software – types.

Week 5: Operating systems – functions.

Week 6: Word processing concepts.

Week 7: Spreadsheet introduction.

Week 8: Entering and editing data in spreadsheets.

Week 9: Presentation packages – basics.

Week 10: Revision and tests.

5. Biology

Week 1: Characteristics of living things.

Week 2: Cell structure and functions.

Week 3: Microscopy and cell observation.

Week 4: Levels of organization in living things.

Week 5: Nutrition in plants.

Week 6: Photosynthesis.

Week 7: Respiration in plants and animals.

Week 8: Transport system in plants.

Week 9: Transport system in animals.

Week 10: Revision and tests.

6. Chemistry

Week 1: Introduction to chemistry – meaning and branches.

Week 2: Laboratory apparatus and their uses.

Week 3: Safety rules in the laboratory.

Week 4: Matter – states and properties.

Week 5: Elements, compounds, and mixtures.

Week 6: Separation techniques.

Week 7: Physical and chemical changes.

Week 8: Atomic theory.

Week 9: Structure of the atom.

Week 10: Revision and tests.

7. Physics

Week 1: Introduction to physics – scope and branches.

Week 2: Measurement and units.

Week 3: Scalars and vectors.

Week 4: Motion – speed, velocity, acceleration.

Week 5: Newton’s laws of motion.

Week 6: Work, energy, and power.

Week 7: Heat energy – temperature and heat transfer.

Week 8: Light – reflection.

Week 9: Light – refraction.

Week 10: Revision and tests.

8. Agricultural Science

Week 1: Meaning and importance of agriculture.

Week 2: Problems of agricultural development in Nigeria.

Week 3: Tools and implements.

Week 4: Soil – formation and types.

Week 5: Soil properties.

Week 6: Soil fertility and conservation.

Week 7: Crop production – classification of crops.

Week 8: Crop propagation methods.

Week 9: Animal husbandry – meaning and types.

Week 10: Revision and tests.

9. Further Mathematics

Week 1: Review of basic algebra.

Week 2: Surds and indices.

Week 3: Logarithms.

Week 4: Functions and graphs.

Week 5: Linear inequalities.

Week 6: Matrices and determinants.

Week 7: Vectors in two dimensions.

Week 8: Differentiation – introduction.

Week 9: Integration – introduction.

Week 10: Revision and tests.

10. Physical Education

Week 1: Meaning and importance of physical education.

Week 2: Components of physical fitness.

Week 3: Physical fitness test.

Week 4: Posture and body movement.

Week 5: Ball games – football basics.

Week 6: Track events – sprint and relay.

Week 7: Field events – long jump, high jump.

Week 8: Safety in sports.

Week 9: Sports officiating.

Week 10: Revision and tests.

11. Health Education

Week 1: Meaning and importance of health education.

Week 2: Personal hygiene.

Week 3: Food, nutrition, and health.

Week 4: Communicable diseases.

Week 5: First aid and safety education.

Week 6: Drug education – abuse and prevention.

Week 7: Environmental health.

Week 8: Family health.

Week 9: Reproductive health.

Week 10: Revision and tests.

12. Food and Nutrition

Week 1: Meaning and importance of food and nutrition.

Week 2: Classes of food – carbohydrates.

Week 3: Proteins – sources and functions.

Week 4: Fats and oils – types and uses.

Week 5: Vitamins – sources and deficiency diseases.

Week 6: Minerals – sources and functions.

Week 7: Balanced diet and meal planning.

Week 8: Food spoilage and preservation.

Week 9: Kitchen hygiene and safety.

Week 10: Revision and tests.

13. Geography

Week 1: Meaning and scope of geography.

Week 2: Branches of geography.

Week 3: Earth as a planet.

Week 4: Rotation and revolution of the earth.

Week 5: Latitude and longitude.

Week 6: Weather and climate.

Week 7: Rocks – types and formation.

Week 8: Landforms – mountains, valleys, plains.

Week 9: Map reading and interpretation – scale.

Week 10: Revision and tests.

14. Technical Drawing

Week 1: Introduction to technical drawing – meaning and importance.

Week 2: Drawing instruments and their uses.

Week 3: Care of drawing instruments.

Week 4: Basic drawing techniques – lettering.

Week 5: Types of lines and their uses.

Week 6: Simple geometric constructions.

Week 7: Angles and bisectors.

Week 8: Plane figures.

Week 9: Circles and tangents.

Week 10: Revision and tests.

15. Nigerian History

Week 1: Meaning and importance of history.

Week 2: Sources of Nigerian history.

Week 3: Early history of Nigeria – Nok culture.

Week 4: Ancient empires – Oyo, Benin, Kanem-Bornu.

Week 5: Trade in pre-colonial Nigeria.

Week 6: Colonial rule in Nigeria.

Week 7: Nationalist movements.

Week 8: Independence and the First Republic.

Week 9: Military rule in Nigeria.

Week 10: Revision and tests.

16. Government

Week 1: Meaning and scope of government.

Week 2: Basic concepts – power, authority, legitimacy.

Week 3: Systems of government – unitary, federal, confederal.

Week 4: Organs of government – executive, legislature, judiciary.

Week 5: Rule of law.

Week 6: Separation of powers.

Week 7: Constitution – meaning and types.

Week 8: Democracy – features and importance.

Week 9: Political parties – formation and functions.

Week 10: Revision and tests.

17. Christian Religious Studies (CRS)

Week 1: Creation story (Genesis 1 & 2).

Week 2: The fall of man (Genesis 3).

Week 3: Cain and Abel (Genesis 4).

Week 4: Noah and the flood (Genesis 6–9).

Week 5: Abraham – call and covenant.

Week 6: Isaac and Jacob.

Week 7: Joseph and his brothers.

Week 8: Moses – call and leadership.

Week 9: The Ten Commandments.

Week 10: Revision and tests.

18. Yoruba

Week 1: Introduction to Yoruba orthography.

Week 2: Yoruba alphabets and sounds.

Week 3: Tones in Yoruba language.

Week 4: Yoruba greetings and expressions.

Week 5: Oral literature – folklore and proverbs.

Week 6: Composition writing in Yoruba.

Week 7: Reading comprehension in Yoruba.

Week 8: Yoruba traditional religion and culture.

Week 9: Yoruba poetry – oriki.

Week 10: Revision and tests.

19. French

Week 1: Introduction to French – alphabets and pronunciation.

Week 2: Greetings and simple expressions.

Week 3: Numbers 1–50.

Week 4: Days of the week and months of the year.

Week 5: Introducing oneself in French.

Week 6: Classroom objects and commands.

Week 7: Simple sentences in French.

Week 8: Verbs “être” and “avoir”.

Week 9: French culture and traditions.

Week 10: Revision and tests.

20. Visual Art

Week 1: Introduction to visual arts – meaning and importance.

Week 2: Elements of art – line, shape, texture.

Week 3: Principles of design.

Week 4: Drawing – still life.

Week 5: Painting – techniques.

Week 6: Sculpture – clay modeling.

Week 7: Printmaking.

Week 8: Nigerian traditional art.

Week 9: Art appreciation.

Week 10: Revision and tests.

21. Music

Week 1: Introduction to music – meaning and importance.

Week 2: Elements of music – pitch, rhythm, dynamics.

Week 3: Musical notes and notation.

Week 4: Scales – major scale.

Week 5: Singing simple songs.

Week 6: Nigerian traditional music.

Week 7: Western instruments – string and wind.

Week 8: African instruments – drums, xylophone.

Week 9: Composing simple melodies.

Week 10: Revision and tests.

22. Literature

Week 1: Introduction to literature – meaning and forms.

Week 2: Genres of literature – prose, drama, poetry.

Week 3: Elements of prose.

Week 4: Elements of drama.

Week 5: Elements of poetry.

Week 6: Selected prose text – study.

Week 7: Selected drama text – study.

Week 8: Selected poem – study.

Week 9: Literature and society.

Week 10: Revision and tests.

23. Home Management

Week 1: Meaning and importance of home management.

Week 2: Principles of home management.

Week 3: Decision-making in the home.

Week 4: Family resources – types and uses.

Week 5: Cleaning the home and environment.

Week 6: Clothing and household textiles.

Week 7: Food management in the home.

Week 8: Child care and development.

Week 9: Consumer education.

Week 10: Revision and tests.

24. Catering Craft

Week 1: Introduction to catering.

Week 2: Catering establishments and services.

Week 3: Kitchen equipment and utensils.

Week 4: Kitchen hygiene and safety.

Week 5: Basic cooking methods.

Week 6: Food commodities – cereals.

Week 7: Food commodities – legumes.

Week 8: Food commodities – vegetables.

Week 9: Food presentation and service.

Week 10: Revision and tests.

25. Commerce

Week 1: Meaning and importance of commerce.

Week 2: Occupations – industrial and commercial.

Week 3: Production – types and factors.

Week 4: Trade – home and foreign.

Week 5: Aids to trade – transport.

Week 6: Aids to trade – communication.

Week 7: Aids to trade – warehousing.

Week 8: Aids to trade – insurance.

Week 9: Banking and finance.

Week 10: Revision and tests.

26. Marketing

Week 1: Introduction to marketing – meaning and scope.

Week 2: Functions of marketing.

Week 3: Market and types of markets.

Week 4: Marketing mix – product.

Week 5: Marketing mix – price.

Week 6: Marketing mix – place.

Week 7: Marketing mix – promotion.

Week 8: Consumer behavior.

Week 9: Advertising and sales promotion.

Week 10: Revision and tests.

SSS 2 First Term Scheme of Work

(Weeks 1–10)

1. English Studies

Week 1: Comprehension – reading for specific details.

Week 2: Vocabulary development – idioms and figures of speech.

Week 3: Essay writing – argumentative essay.

Week 4: Lexis and structure – synonyms and antonyms.

Week 5: Comprehension – reading to summarize.

Week 6: Essay writing – expository essay.

Week 7: Speech sounds – stress and intonation.

Week 8: Letter writing – informal letters.

Week 9: Summary writing practice.

Week 10: Revision and tests.

2. General Mathematics

Week 1: Revision of SSS 1 work.

Week 2: Logarithms and indices.

Week 3: Surds.

Week 4: Variation (direct, inverse, joint).

Week 5: Progression – arithmetic sequence.

Week 6: Progression – geometric sequence.

Week 7: Statistics – mean, median, mode.

Week 8: Probability – basic concepts.

Week 9: Mensuration – surface area and volume of solids.

Week 10: Revision and tests.

3. Citizenship and Heritage Studies

Week 1: Importance of constitution.

Week 2: Features of Nigerian constitutions.

Week 3: Types of constitutions.

Week 4: Law and order in society.

Week 5: Fundamental human rights.

Week 6: Leadership and followership.

Week 7: Public service and accountability.

Week 8: National security and defense.

Week 9: Social justice and equality.

Week 10: Revision and tests.

4. Digital Technology

Week 1: Data representation – binary, decimal, hexadecimal.

Week 2: Logic gates and truth tables.

Week 3: Computer networking – types and devices.

Week 4: Internet – meaning and uses.

Week 5: Online safety and ethics.

Week 6: Word processing – advanced features.

Week 7: Spreadsheet – formulas and functions.

Week 8: Database management – introduction.

Week 9: Computer programming – basic concepts.

Week 10: Revision and tests.

5. Biology

Week 1: Classification of living organisms.

Week 2: Kingdom Monera and Protista.

Week 3: Kingdom Fungi.

Week 4: Kingdom Plantae – bryophytes and pteridophytes.

Week 5: Kingdom Plantae – gymnosperms and angiosperms.

Week 6: Kingdom Animalia – invertebrates.

Week 7: Kingdom Animalia – vertebrates.

Week 8: Digestive system in humans.

Week 9: Circulatory system in humans.

Week 10: Revision and tests.

6. Chemistry

Week 1: Periodic table – development and arrangement.

Week 2: Groups and periods.

Week 3: Trends in the periodic table.

Week 4: Chemical bonding – ionic and covalent.

Week 5: Chemical bonding – metallic.

Week 6: Gas laws – Boyle's law.

Week 7: Gas laws – Charles' law.

Week 8: Ideal gas equation.

Week 9: Solutions – types and properties.

Week 10: Revision and tests.

7. Physics

Week 1: Pressure in fluids.

Week 2: Archimedes' principle.

Week 3: Law of flotation.

Week 4: Machines – simple machines and their uses.

Week 5: Work, energy, and power – calculations.

Week 6: Heat – expansion of solids, liquids, gases.

Week 7: Heat transfer – conduction, convection, radiation.

Week 8: Sound – production and properties.

Week 9: Wave motion – types and properties.

Week 10: Revision and tests.

8. Agricultural Science

Week 1: Farm structures and buildings.

Week 2: Farm fencing.

Week 3: Farm irrigation.

Week 4: Agricultural mechanization.

Week 5: Farm power sources.

Week 6: Crop pests – identification and control.

Week 7: Crop diseases – causes and control.

Week 8: Pasture and forage crops.

Week 9: Rangeland management.

Week 10: Revision and tests.

9. Further Mathematics

Week 1: Functions – types and notation.

Week 2: Graphs of functions.

Week 3: Inequalities and regions.

Week 4: Coordinate geometry – straight line.

Week 5: Circle geometry.

Week 6: Trigonometric ratios of special angles.

Week 7: Trigonometric identities.

Week 8: Differentiation – applications.

Week 9: Integration – applications.

Week 10: Revision and tests.

10. Physical Education

Week 1: Physical fitness and health.

Week 2: Safety rules in physical activities.

Week 3: Athletics – sprinting techniques.

Week 4: Athletics – hurdles.

Week 5: Ball games – basketball basics.

Week 6: Ball games – volleyball basics.

Week 7: Racket games – badminton.

Week 8: Swimming – basic strokes.

Week 9: Sports injuries and prevention.

Week 10: Revision and tests.

11. Health Education

Week 1: Personal and community health.

Week 2: Food hygiene and sanitation.

Week 3: Water supply and sanitation.

Week 4: Waste disposal methods.

Week 5: Immunization and vaccination.

Week 6: First aid – practical.

Week 7: Communicable diseases – examples.

Week 8: Non-communicable diseases – examples.

Week 9: Health organizations – WHO, UNICEF, Red Cross.

Week 10: Revision and tests.

12. Food and Nutrition

Week 1: Food nutrients – review and classification.

Week 2: Energy-giving foods – functions and deficiency.

Week 3: Protective foods – vitamins and minerals.

Week 4: Body-building foods – proteins.

Week 5: Food spoilage – causes.

Week 6: Food preservation – traditional methods.

Week 7: Food preservation – modern methods.

Week 8: Food storage facilities.

Week 9: Kitchen equipment and their uses.

Week 10: Revision and tests.

13. Geography

Week 1: Earth's internal structure.

Week 2: Types of rocks.

Week 3: Weathering and erosion.

Week 4: Agents of denudation – water.

Week 5: Agents of denudation – wind.

Week 6: River processes and landforms.

Week 7: Lakes and their importance.

Week 8: Ocean currents and tides.

Week 9: Climate of Nigeria.

Week 10: Revision and tests.

14. Technical Drawing

Week 1: Review of basic drawing instruments.

Week 2: Scales and scaling techniques.

Week 3: Dimensioning.

Week 4: Orthographic projection – first angle.

Week 5: Orthographic projection – third angle.

Week 6: Isometric projection.

Week 7: Oblique projection.

Week 8: Sectional views.

Week 9: Building drawing – foundation.

Week 10: Revision and tests.

15. Nigerian History

Week 1: Nigeria in the 19th century.

Week 2: The Sokoto Jihad.

Week 3: Yoruba wars.

Week 4: British conquest of Nigeria.

Week 5: Amalgamation of 1914.

Week 6: Colonial administration.

Week 7: The Clifford and Richards constitutions.

Week 8: The Macpherson constitution.

Week 9: The Lyttleton constitution.

Week 10: Revision and tests.

16. Government

Week 1: Colonial administration in Nigeria.

Week 2: Indirect rule – principles.

Week 3: Indirect rule in Northern Nigeria.

Week 4: Indirect rule in Western Nigeria.

Week 5: Indirect rule in Eastern Nigeria.

Week 6: Nationalism in Nigeria.

Week 7: Factors for growth of nationalism.

Week 8: Nationalist leaders.

Week 9: Independence of Nigeria.

Week 10: Revision and tests.

17. Christian Religious Studies (CRS)

Week 1: Call of Samuel.

Week 2: Call of prophets – Elijah and Elisha.

Week 3: Kingship in Israel – Saul.

Week 4: David as king of Israel.

Week 5: Solomon and his wisdom.

Week 6: Division of Israel – Rehoboam and Jeroboam.

Week 7: Elijah and Baal prophets.

Week 8: Elisha's miracles.

Week 9: Prophets and their messages.

Week 10: Revision and tests.

18. Yoruba

Week 1: Oral literature – folktales.

Week 2: Oral literature – riddles and proverbs.

Week 3: Yoruba drama – introduction.

Week 4: Yoruba poetry – songs and chants.

Week 5: Yoruba cultural values.

Week 6: Yoruba traditional institutions.

Week 7: Yoruba composition writing.

Week 8: Reading comprehension in Yoruba.

Week 9: Yoruba grammar – concord.

Week 10: Revision and tests.

19. French

Week 1: Revision of French sounds and alphabets.

Week 2: Numbers 51–100.

Week 3: Days, months, seasons.

Week 4: Telling the time in French.

Week 5: Simple dialogues – greetings.

Week 6: Regular verbs in present tense.

Week 7: Irregular verbs in present tense.

Week 8: Sentence formation.

Week 9: Writing simple paragraphs.

Week 10: Revision and tests.

20. Visual Art

Week 1: Elements of design – review.

Week 2: Principles of composition.

Week 3: Perspective drawing.

Week 4: Shading techniques.

Week 5: Painting – landscape.

Week 6: Sculpture – wood carving.

Week 7: Ceramics – clay molding.

Week 8: Textile design – tie and dye.

Week 9: Nigerian modern artists.

Week 10: Revision and tests.

21. Music

Week 1: Revision of musical notes.

Week 2: Solfa notation.

Week 3: Major scales in different keys.

Week 4: Minor scales.

Week 5: Harmony – introduction.

Week 6: Chord progressions.

Week 7: African traditional music – instruments.

Week 8: Nigerian art music.

Week 9: Music appreciation – selected works.

Week 10: Revision and tests.

22. Literature

Week 1: Elements of prose – theme and plot.

Week 2: Elements of prose – character and setting.

Week 3: Drama – acts and scenes.

Week 4: Drama – conflict and resolution.

Week 5: Poetry – imagery and sound devices.

Week 6: Poetry – figures of speech.

Week 7: Selected prose text study.

Week 8: Selected drama text study.

Week 9: Selected poem study.

Week 10: Revision and tests.

23. Home Management

Week 1: Family living and relationships.

Week 2: Roles of family members.

Week 3: Home hygiene and sanitation.

Week 4: Home decoration.

Week 5: Clothing and care of fabrics.

Week 6: Laundry processes.

Week 7: Budgeting and family finance.

Week 8: Consumer protection.

Week 9: Child care and development.

Week 10: Revision and tests.

24. Catering Craft

Week 1: Catering establishments – types.

Week 2: Kitchen staff – duties.

Week 3: Food commodities – fruits.

Week 4: Food commodities – vegetables.

Week 5: Food commodities – meat and fish.

Week 6: Beverages – classification.

Week 7: Food preparation methods.

Week 8: Sauces and soups.

Week 9: Table setting and service.

Week 10: Revision and tests.

25. Commerce

Week 1: Channels of distribution.

Week 2: Wholesale trade.

Week 3: Retail trade.

Week 4: Modern forms of retail trade.

Week 5: E-commerce.

Week 6: International trade – meaning and importance.

Week 7: Terms of trade.

Week 8: Balance of trade and payments.

Week 9: Trade restrictions – tariffs and quotas.

Week 10: Revision and tests.

26. Marketing

Week 1: Market segmentation.

Week 2: Consumer needs and wants.

Week 3: Product life cycle.

Week 4: Branding and packaging.

Week 5: Pricing strategies.

Week 6: Distribution channels.

Week 7: Promotion mix.

Week 8: Advertising media.

Week 9: Sales promotion techniques.

Week 10: Revision and tests.

SSS 1 First Term Scheme of Work

(Weeks 1–10)

1. English Studies

Week 1: Reading comprehension – argumentative passages.

Week 2: Writing – argumentative essays.

Week 3: Writing – formal letters.

Week 4: Summary writing – skills of condensation.

Week 5: Vocabulary development – registers.

Week 6: Grammar – review of tenses.

Week 7: Grammar – direct and indirect speech.

Week 8: Oral English – stress and intonation.

Week 9: Literature appreciation – unseen prose and poetry.

Week 10: Revision and tests.

2. General Mathematics

Week 1: Revision of indices and logarithms.

Week 2: Surds – operations.

Week 3: Quadratic equations – factorization and formula.

Week 4: Coordinate geometry – straight lines.

Week 5: Mensuration – surface area and volume.

Week 6: Trigonometry – sine, cosine, tangent rules.

Week 7: Differentiation – basic principles.

Week 8: Integration – introduction.

Week 9: Statistics – measures of central tendency.

Week 10: Revision and tests.

3. Citizenship and Heritage Studies

Week 1: Nigeria's constitution – review.

Week 2: Fundamental human rights.

Week 3: Rule of law and democracy.

Week 4: Duties and responsibilities of citizens.

Week 5: National integration and unity.

Week 6: Corruption – causes and effects.

Week 7: Anti-corruption measures in Nigeria.

Week 8: National identity and symbols.

Week 9: Agencies promoting good governance.

Week 10: Revision and tests.

4. Digital Technology

Week 1: Computer networks – LAN, MAN, WAN.

Week 2: Internet technologies – uses.

Week 3: E-commerce applications.

Week 4: Cyber security – threats and solutions.

Week 5: Databases – concepts.

Week 6: Database management systems (DBMS).

Week 7: Computer programming – review.

Week 8: Web design basics.

Week 9: Emerging technologies – AI, block chain.

Week 10: Revision and tests.

5. Biology

Week 1: Evolution – theories.

Week 2: The evidence of evolution.

Week 3: Ecology – ecosystems and components.

Week 4: Energy flow in ecosystems.

Week 5: Pollution – causes and control.

Week 6: Conservation of natural resources.

Week 7: Adaptations of organisms.

Week 8: Biotechnology – applications.

Week 9: Revision of genetics.

Week 10: Revision and tests.

6. Chemistry

Week 1: Organic chemistry – hydrocarbons (alkanes).

Week 2: Organic chemistry – alkenes.

Week 3: Organic chemistry – alkynes.

Week 4: Aromatic hydrocarbons – benzene.

Week 5: Alcohols and ethers.

Week 6: Carboxylic acids and esters.

Week 7: Polymers – natural and synthetic.

Week 8: Industrial chemistry – petrochemicals.

Week 9: Qualitative analysis – tests for functional groups.

Week 10: Revision and tests.

7. Physics

Week 1: Simple harmonic motion.

Week 2: Waves – properties.

Week 3: Sound waves.

Week 4: Light waves – diffraction and interference.

Week 5: Electromagnetic waves.

Week 6: Nuclear physics – radioactivity.

Week 7: Modern physics – photoelectric effect.

Week 8: Relativity – introduction.

Week 9: Electronics – diodes and transistors.

Week 10: Revision and tests.

8. Agricultural Science

Week 1: Farm management and records.

Week 2: Agricultural marketing.

Week 3: Co-operative societies in agriculture.

Week 4: Farm budgeting.

Week 5: Agricultural extension services.

Week 6: Effects of population on agriculture.

Week 7: Land tenure systems.

Week 8: Agricultural finance.

Week 9: Revision of crop and animal production.

Week 10: Revision and tests.

9. Further Mathematics

Week 1: Revision of algebraic processes.

Week 2: Partial fractions.

Week 3: Binomial expansion.

Week 4: Differentiation – applications.

Week 5: Integration – applications.

Week 6: Differential equations – introduction.

Week 7: Matrices and determinants.

Week 8: Vectors – applications.

Week 9: Mechanics – linear motion.

Week 10: Revision and tests.

10. Physical Education

Week 1: Track and field events – review.

Week 2: Ball games – football.

Week 3: Ball games – basketball.

Week 4: Ball games – volleyball.

Week 5: Ball games – handball.

Week 6: Swimming – techniques.

Week 7: Gymnastics – advanced routines.

Week 8: Indoor games – badminton, table tennis.

Week 9: Martial arts – taekwondo basics.

Week 10: Revision and tests.

11. Health Education

Week 1: Community health.

Week 2: Environmental health hazards.

Week 3: Diseases – communicable.

Week 4: Diseases – non-communicable.

Week 5: First aid in emergencies.

Week 6: Drug use, misuse, and abuse.

Week 7: Mental health and wellbeing.

Week 8: Family life education.

Week 9: HIV/AIDS and STIs.

Week 10: Revision and tests.

12. Food and Nutrition

Week 1: Advanced food nutrients – review.

Week 2: Balanced diet and malnutrition.

Week 3: Meal planning for different age groups.

Week 4: Special diets – diabetic, hypertensive.

Week 5: Food storage and safety.

Week 6: Food poisoning and prevention.

Week 7: Modern catering practices.

Week 8: Nigerian dishes – practicals.

Week 9: International dishes – practicals.

Week 10: Revision and tests.

13. Geography

Week 1: World population distribution.

Week 2: Population theories – Malthus and others.

Week 3: Settlement geography – types.

Week 4: Urbanization – causes and effects.

Week 5: Transport and communication.

Week 6: Manufacturing industries.

Week 7: Agriculture and its importance.

Week 8: Trade – domestic and international.

Week 9: Environmental management.

Week 10: Revision and tests.

14. Technical Drawing

Week 1: Revision of orthographic projections.

Week 2: Advanced sectional views.

Week 3: Pictorial drawings – isometric.

Week 4: Oblique projection.

Week 5: Perspective drawing – one-point.

Week 6: Perspective drawing – two-point.

Week 7: Building drawing – elevations.

Week 8: Structural drawing – beams and trusses.

Week 9: Working drawings.

Week 10: Revision and tests.

15. Nigerian History
